EDUCATION

University of Maryland

BS, Computer Science
Summa Cum Laude
August 2022 – July 2025

Towson University

BS, Psychology & Sociology
September 2007 – May 2011

CERTIFICATES

Complete Full Stack Web Development Bootcamp

Udemy, May 2026

AI Engineer Core Track: LLM Engineering, RAG, QLoRA, Agents

Udemy, January 2026

SKILLS

- Problem-Solving
- Data Structures & Algorithms
- Testing & Debugging
- Agile, CI/CD, & Version Control
- Responsive Design
- RESTful API builds

Elizabeth Ryan Bloss

ASPIRING FULL STACK DEVELOPER

Recent graduate of computer studies transitioning into the tech industry. Strong academic foundation in software engineering fundamentals and hands on experience with major programming languages (Java, Python, HTML, CSS, C++), frameworks (React, Bootstrap, Node.js, Flask), databases (SQLite, SQL, supabase), and tools (GitHub, Vercel, Visual Studio Code, Eclipse). Efficient communication skills and attention to detail developed through leadership roles in my 15+ years of experience in the hospitality industry.

RELEVANT EXPERIENCE

Full Stack Habit Tracking Web Application

September 2025

Tech Stack: React, JavaScript, Flask, Python, SQLite

GitHub Repository: [FullStack Habit Tracker App](#)

Built a full-stack application to help users log, track, and mark completion of daily habits with features for user authentication.

Shape Display Program

November 2024

Tech Stack: Java, JavaFX

GitHub Repository: [ObjectOrientedProg Demo](#)

Designed GUI to showcase how OOP can be used to model shapes, process user-input, and manage behavior associated with shapes. Demonstrates concepts such as abstraction, encapsulation, inheritance, and polymorphism.

Graph Structure Program

July 2024

Tech Stack: Java, JavaFX

GitHub Repository: [GraphStructureProgram](#)

Demonstrates grasp of graph theory concepts and GUI design.
